Dear Mr. Brassfield:

We have reviewed your filing and have the following comments. We have limited our review of your filing to those issues we have addressed in our comments. Where indicated, we think you should revise your document. If you disagree, we will consider your explanation as to why our comment is inapplicable or a revision is unnecessary. Please be as detailed as necessary in your explanation. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure. After reviewing this information, we may raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosures in your filing. Form 10-K for the Fiscal Year Ended December 31, 2005

Management's Discussion and Analysis

Results of Operations, page 25

1. We note that you report drilling and rental gross margins that exclude depreciation and amortization expenses. Please relabel your description of these non-GAAP measures throughout your document to comply with Item 10(e)(ii)(E) of Regulation S-K, which does not permit use of a GAAP term to describe a non-GAAP measure.

Financial Statements

Note 2 – Disposition of Assets, page 53

2. We note you disclose that you received \$27 million in insurance proceeds for damage to your jackup rig 14 that occurred in September 2003, resulting in a gain of \$5.3 million, representing the excess of insurance proceeds over the book value of the damaged asset in March 2004, amounting to \$17.7 million, and the costs of towing and assessment. However, you further disclose that your overall valuation of your U.S. Gulf of Mexico offshore disposal group was determined to be unchanged from June 30, 2003, thereby resulting in an additional impairment charge of \$5.3 million in the first quarter of 2004, which offset your gain. Please expand your disclosure to include the amount of the impairment recognized in September 2003 as a result of the damage, and clarify why you recognized an additional impairment of \$5.3 million in the first quarter of 2004 if your valuation was determined to be unchanged from June 30, 2003. Please be sure to indicate how the credits associated with the \$27 million in proceeds are reported in your financial statements; the relevance of the book value in March 2004 should be clear. Tell us the specific accounting literature you have relied upon in accounting for this matter.

Note 5 – Guarantor/Non-Guarantor Consolidating Condensed Financial Statements, page 57

3. Please expand your disclosure to include the information required under Rule 3-10(i)(8) of Regulation S-X. It should be clear how you determined that you qualify for an exception to the general rule set forth in paragraph (a)(1) of this guidance.
