REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and Administrator of the
Parker Drilling Company Stock Bonus Plan

In our opinion, the accompanying statements of net assets available for benefits
and the related statement of changes in net assets available for benefits
present fairly, in all material respects, the net assets available for benefits
of the Parker Drilling Company Stock Bonus Plan (the "Plan") at December 31,

2003 and 2002, and the changes in net assets available for benefits for the year ended December 31, 2003, in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets (held at end of year) and reportable transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

PARKER DRILLING COMPANY STOCK BONUS PLAN
 NOTES TO FINANCIAL STATEMENTS
 DECEMBER 31, 2003 AND 2002

1. SUMMARY OF SIGNIFICANT PLAN PROVISIONS

On September 1, 1980, Parker Drilling Company and its subsidiaries adopted the Parker Drilling Company Profit Sharing Plan, which was amended in 1983 to qualify as a 401(k) plan under the Internal Revenue Code. Effective September 1, 1985, the name of the plan was changed to the Parker Drilling Company Stock Bonus Plan (the "Plan"). The Plan was amended and restated generally effective January 1, 2001, to comply with certain tax laws. It was thereafter amended effective January 1, 2002 to reflect certain provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 ("EGTRRA"). The Plan was further amended effective January 1, 2003, and November 1, 2003 to comply with new tax laws and to incorporate various plan design and administrative changes.

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description and the plan document for a more complete description of the Plan's provisions.

PLAN ADMINISTRATOR AND TRUSTEE

The Plan Administrator is the Retirement Policy Committee which is comprised of persons appointed by the plan sponsor, Parker Drilling Company (the "Company"). JP Morgan Chase Bank is the trustee for the investments held by the Plan. JP Morgan Retirement Plan Services is the record keeper for the Plan.

ELIGIBILITY

Substantially all of the employees of participating employers of the Company, other than employees covered by certain collective bargaining agreements, leased employees and employees who are not citizens of the United States of America (except for certain resident aliens), are eligible to participate in the Plan on the first day of the month

following the completion of three months of service with the Company.

CONTRIBUTIONS

Participants may elect to contribute up to 15% of their eligible compensation, as defined in the Plan, on a pre-tax basis. The Plan was amended effective November 1, 2003 to allow participants to contribute up to 30% of their eligible compensation. Participants who have attained age 50 prior to the end of the plan year are eligible to make additional pre-tax "catch-up" contributions. All pre-tax employee contributions are subject to the applicable limitations of the Internal Revenue Code of 1986, as amended (the "Code"). Plan participants may also make rollover contributions to the Plan subject to the provisions of the Plan and the Code.

Employer matching contributions are currently equal to 100% of the first 3% of eligible compensation contributed by the participant to the Plan, plus 50% of the next 2% of eligible compensation contributed by the participant to the Plan. Matching contributions are credited to participant accounts on a monthly basis and are invested in Parker Drilling Company common stock. Employee pre-tax "catch-up" contributions are not eligible for employer matching contributions.

The Company may, at its discretion, also contribute a profit sharing contribution to the Plan to be allocated to the accounts of eligible participants as described in the plan document. The Company did not make a profit sharing contribution for the years ended December 31, 2003 and 2002.

4

PARKER DRILLING COMPANY STOCK BONUS PLAN NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2003 AND 2002

VESTING

Participants are immediately and fully vested in the value of employee and employer contributions made to their accounts and related earnings/losses.

INVESTMENT PROGRAM

Participants direct the investment of 100% of their contributions and may transfer a portion or all of their account balance out of any fund into one or any combination of the other available funds. The investment fund options offered through October 31, 2003 include 11 mutual funds and Parker Drilling Company common stock. Participants may also elect to invest a portion of their account balance in a self-directed brokerage account, subject to the limitations of the Plan. Effective November 1, 2003, the Parker Drilling Company common stock was eliminated as an investment option for participant contributions. However, to the extent a participant had invested his/her account in the Parker Drilling Company common stock investment option, such investment may be retained as to contributions prior to November 1, 2003.

Employer matching contributions are made in Parker Drilling Company common stock. However, participants may sell their shares of Company stock at any time and invest the proceeds in any of the other investment fund options available under the Plan.

The Retirement Policy Committee periodically reviews the Plan's investment fund options and makes changes to the available options from time to time.

PARTICIPANT LOANS

The Plan permits participants to borrow a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may elect a repayment term of up to five years for general purpose loans or up to ten years if the loan is for the purchase of the participant's principal residence. Loans are secured by the balance in the participant's account and payments are generally made through payroll deductions. The interest rate for new loans is the prime

rate plus one percentage point and is fixed for the term of the loan. A participant may only have one loan outstanding at any time. For the plan years ending December 31, 2003 and 2002, interest rates ranged from 5.0% to 10.5% and 5.25% to 10.5%, respectively.

WITHDRAWALS AND DISTRIBUTIONS

A participant may receive benefit payments through any one of the methods provided by the Plan upon separation from service, retirement or financial hardship. Participants may withdraw their rollover and after-tax contributions, if any, from the Plan at any time. Participants may also make an in-service withdrawal on or after attainment of age 59-1/2 of their vested account balance. Distributions from the Plan can be made in the form of a partial or single lump sum cash payment. Participants may elect an in-kind distribution of shares held in the Parker Drilling Company common stock investment option in lieu of cash, with fractional shares distributed in cash.

Hardship withdrawals are allowed in the event of a deemed financial need, subject to the provisions of the Plan and the Code. Participants may withdraw up to 100% of their pre-tax contributions and are suspended for at least six months from making additional contributions to the Plan.

5

PARKER DRILLING COMPANY STOCK BONUS PLAN NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2003 AND 2002

PARTICIPANT ACCOUNTS

Participant accounts are adjusted to reflect all participant and employer contributions, withdrawals/distributions, earnings/losses, management fees and applicable expenses attributable to the accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

ADMINISTRATIVE EXPENSES

The Plan pays all expenses incurred by the Plan except to the extent they are paid by the Company. During the plan year ended December 31, 2003, certain administrative costs and expenses of the Plan totaling \$26,578 were paid by the Company.

AMENDMENT AND TERMINATION OF THE PLAN

Although the Company has not expressed any intent to do so, the Plan may be amended or terminated at any time subject to the provisions of ERISA.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

INVESTMENT VALUATION

The Plan reports the investments in the financial statements at fair value. Investments in mutual funds and Parker Drilling Company common stock are reported at fair value based on quoted market prices. Investment income is recorded as earned and dividends are recorded on the ex-dividend date. Purchases and sales are recorded on a trade-date basis. Distributions to participants are recorded when paid.

USE OF ACCOUNTING ESTIMATES

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from

those estimates.

PARKER DRILLING COMPANY STOCK BONUS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2003 AND 2002

3. INVESTMENTS

Plan investments are summarized as follows:

<TABLE>

<CAPTION>

	2003	2002		
<S>	<C>	<C>

Total investments	\$ 34,367,203	\$ 28,662,187		

</TABLE>

* Individual investment represents 5% or more of net assets available for plan benefits at the end of the year.

4. TAX STATUS

The Plan obtained its latest determination letter dated April 26, 2002, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. Although the Plan has been amended since receiving the determination letter, management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and was therefore qualified (and the related trust was tax-exempt) as of December 31, 2003 and 2002.

5. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of money market, bond, and equity mutual funds. Investment securities are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the risks associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes may materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

6. PARTY-IN-INTEREST

Certain plan investments are shares of Parker Drilling Company common stock. These transactions represent investments in the Company and, therefore, qualify as party-in-interest transactions. Further, certain plan investments are shares of mutual funds managed by JP Morgan and American Century. Transactions in these investments also qualify as party-in-interest transactions.

7. FUND ALLOCATION

The Parker Drilling Company common stock fund includes contributions from the Company and participants. Participant contributions are directed solely by the participants. Contributions from the Company may be liquidated by the participant at any time and the proceeds invested in other investment fund options. All other funds are participant directed.

The following table sets forth information related to the Parker Drilling Company common stock fund and other participant directed funds' assets available for plan benefits at December 31, 2003, and the changes in such assets for the year then ended.
